## **Record Gold Production at Mt Magnet**

The Directors of gold producer Ramelius Resources Limited (ASX:RMS) are pleased to advise that the Company's Mt Magnet gold project in WA achieved record production for the September 2013 quarter.

Gold production for the quarter was 18,245 ounces of fine gold, which compares favourably to production of 17,211 fine ounces in the June, 2013 quarter. No Western Queen South high grade open pit ore was milled during the quarter, but will begin this month with ore deliveries to the mill from the end of next week.

Higher gold production of 21,000 – 23,000 ounces is expected at Mt Magnet for the December 2013 quarter.

A detailed activities report for the September 2013 quarter will be lodged with the ASX towards the end of October.
